

# NOVEMBER 2020

## Lifekeepers

## A Time for Thanksgiving

This is the time that we focus on being thankful for what we have, a time to reflect on the past and present. At Lifekeepers we are grateful for the opportunity to assist people in their homes by meeting their needs.

*“These were decorations that we already had here. All the residents helped decorate.”*  
Genesis House

When the weather is right, we enjoy going for walks in the rustling leaves, enjoying the fresh air, and talking together about what we are thankful for.

Indoors we get to be creative involving different art projects or decorating for the holidays. Shown here are more art projects completed by our resident artist at Oasis House.. We are so proud of his talent and thankful that he can share with us.

“

*These are just a few of the many completed or started projects in his book, but these are the ones he wanted to show everyone.”*
