## Christmas at North & South Dakota

### Walking In a Winter Wonderland

Taking a walk in this winter wonderland is a healthy choice to make. It's never too cold to put on a coat and hat and get some fresh air.

# Christmas

Outdoor Fun.  
Indoor Activities.

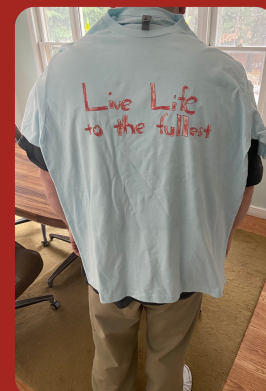

What do you like about Christmas? This season is one of our favorites. We get to plan and participate in festive crafts and holiday activities and baking. Decorating the house with lights and putting ornaments on the tree is something special to do with our clients and caregivers. Waiting patiently to open gifts. Wearing Christmas sweaters. Driving to see Christmas lights and parades.

We asked him what he likes about Christmas and he said with a smile, "Everything."
